Diamond Jubilee

PROJECT

We have inherited a beautiful church. How better could we mark our Diamond Jubilee than by making it both more serviceable and more beautiful?

We are removing the two back pews to give us more free space in which to welcome all who come to our services.

We are carpeting this free space, the centre aisle, and the space in front of the chancel steps

at a cost of about

£750

This work is outside the normal provisions of christian stewardship, considerable sums from which are being spent on essential repairs to the roof, improvement of the amplification system, etc.

We confidently ask you for a Jubilee Gift, which may be placed in the enclosed envelope.

Should this target be passed, the sum available will be spent on further beautification of the church.
